SUMMARY

- Computer Science Engineering graduate and Full Stack Web Developer skilled in Python, Django, React.js, JavaScript, PostgreSQL, and MongoDB. Experienced in developing scalable web applications, secure RESTful APIs, and responsive user interfaces. Proficient in Git, Docker, database design, and full-stack development, with a strong foundation in software engineering principles, problem-solving, and performance optimization. Passionate about building efficient, user-focused, and production-ready applications.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript, Python,
- **Frontend Technologies:** React.js, Bootstrap
- **Backend Technologies:** Django, Django REST Framework (DRF), Node.js, REST API Development
- **DevOps & Infra:** Postman, Docker, Git, GitHub Actions
- **Databases & Frameworks:** PostgreSQL, MongoDB Prisma, Drizzle

EXPERIENCE

Internship

jan 2026 — april 2026

Full Stack Developer Intern – Techpile, Lucknow

- Developed backend modules using the Django framework, enhancing application performance and scalability
- Built responsive frontend interfaces using HTML, CSS, and JavaScript.

PROJECTS

AI Autonomous Research Operating System (AI-ROS)

jan 2026 — april 2026

React.js | TypeScript | Django | PostgreSQL | Redis | Docker | LangChain | CrewAI | ChromaDB
(github.com/officialhemant001)

- Built a full-stack AI SaaS platform with autonomous multi-agent workflow system.
- Developed React.js frontend and Django backend with authentication, APIs, and WebSocket support.
- Integrated AI agents, semantic search, Docker, and CI/CD automation features.

ARC Intelligence – Smart Document Analysis System

Jan 2026 — March 2026

Next.js | Elysia | PostgreSQL | AI APIs

(github.com/officialhemant001)

- Engineered low-latency request orchestration for high-concurrency AI routing.
- Built secure REST APIs with authentication and external AI provider integrations.

EDUCATION

Khwaja Mohiuddin Language University

Lucknow

Bachelor of Technology in Computer Science and Engineering

Sep 2022 — May 2026
